

## **APPENDIX 4: Academic Declarations**

**Declaration of academic contribution for:** Deakin, M., Curwell, S. and Lombardi, P. (2001) BEQUEST: the framework and directory of assessment methods', *International Journal of Life Cycle Assessment*, Vol. 6, No. 6, pp. 376-383.

As co-author of this paper, I can confirm Mark Deakin was the lead author of the article and this meant: he was responsible for producing the first draft, co-ordinating the contributions of the other two other authors, editing the final version of the document and overseeing its publication.

Based on this, I would suggest Mark supplied 60% of the material published in the paper.

Co-author: Steve Curwell

Position: Professor of Sustainable Urban Development

Address: School of the Built Environment, Maxwell Building, University of Salford, Salford M5 4WT.

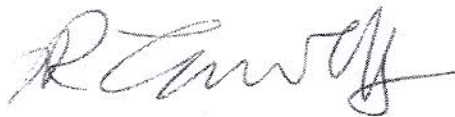

Contact details:

Telephone: 0161 295 4622

Mobile: 07971 442 118

**Declaration of academic contribution for:** Bentivegna, V., Curwell, S.,  
Deakin, M., Lombardi, P., Mitchell, G. and Nijkamp, P. (2002) 'A vision and  
methodology for integrated sustainable urban development': BEQUEST,  
*Building Research and Information*, Vol. 30, No. 2, pp. 83-94.

As lead co-author of this paper, I can confirm that all the other named  
authors were equally responsible for contributing material to the article and  
editing the final version of the document ready for publication.

Based on this, I would suggest Mark supplied 15% of the material published in  
the paper.

Lead co-author: Steve Curwell
